

Dear Riverstone Kindergarten and Grade 1 Parents,

This winter, Riverstone Kindergarten and Grade 1 students will participate in ice skating lessons at Idaho Ice World, building upon skills learned in previous years. With the 2018 Winter Olympics happening, I imagine a lot of excitement during the hockey, figure skating, and speed skating events. Ice Skating is a great introduction into the world of winter sports, as your student gets closer to progressing to Nordic skiing lessons in Grade 2.

Idaho Ice World will be providing trained instructors for the lessons as well as the ice skate rental. **Please provide your students shoe size to their teacher by Friday, January 12.**

### Schedule of Activities
