

Dear Riverstone Pre-Kindergarten Parents,

This winter, Riverstone Pre-Kindergarten students will participate in ice skating lessons at Idaho Ice World. With the 2018 Winter Olympics happening, I imagine a lot of excitement during the hockey, figure skating, and speed skating events. Ice Skating is a great introduction into the world of winter sports.

Idaho Ice World will provide instructors from the City of Boise Parks and Recreation Department. Lessons will be 30 minutes in length and conducted over four consecutive weeks. The instructors will provide ice skates for the students. **Please give your student's shoe size to your teacher by Friday, January 12.**
